Policy Statement

At St Nicholas CE Primary School, we are committed to supporting the emotional health and wellbeing of our pupils and staff. We have a supportive and caring ethos and our approach is respectful and kind, where each individual and contribution is valued. At our school we know that everyone experiences life challenges that can make us vulnerable and at times, anyone may need additional emotional support. We take the view that positive mental health is everybody's business and that we all have a role to play.

At our school we:

- help children to understand their emotions and feelings better
- help children feel comfortable sharing any concerns or worries
- help children socially to form and maintain relationships.
- promote self esteem and ensure children know that they count.
- encourage children to be confident and 'dare to be different'
- help children to develop emotional resilience and to manage setbacks.

We promote a mentally healthy environment through:

- Promoting our school values and encouraging a sense of belonging.
- Promoting pupil voice and opportunities to participate in decision-making
- Celebrating academic and non-academic achievements
- Providing opportunities to develop a sense of worth through taking responsibility for themselves and others
- Providing opportunities to reflect.
- Access to appropriate support that meets their needs
- We pursue our aims through:
- Universal, whole school approaches
- Support for pupils going through recent difficulties including bereavement.
- Specialised, targeted approaches aimed at pupils with more complex or long term difficulties including attachment disorder.

- Ensure that all parents are aware of who to talk to, and how to get about this, if they have concerns about their child.
- Make our emotional wellbeing and mental health policy easily accessible to parents
- Share ideas about how parents can support positive mental health in their children.
- Keep parents informed about the mental health topics their children are learning about in PSHE and share ideas for extending and exploring this learning at home.
